USING THE INFINEA MPOS

To Use the Barcode Scanner:

1. Point Infinea mPOS with the Barcode scanner toward the barcode.

2. Press Scan button.

To Use the Smart Card Reader:

1. Position the smart card with the gold contacts face up.

2. Insert the card into the ICC card reader slot in a smooth, continuous motion until it seats firmly.

3. Provide the Infinea mPOS to the customer for PIN entry.

4. Remove the card when the display indicates the transaction is completed.

To Use the Contactless Card Reader:

1. Place the RFID tag/card over the receiver/transmitter as indicated by the RFID label on the front of the mPOS unit.

2. Press the reading RFID card button on the application. The data will be sent from Infinea mPOS reader to the IOS Device.

To Use the Magnetic Stripe Reader:

1. Position a magnetic card with the stripe face down.

2. Insert the card into the MS card reader slot and then quickly swipe it through.

3. Provide Infinea mPOS to the customer for signature or PIN entry.
